

THINGS to THINK about BEFORE auditioning

✓	Audition Checklist
	I can remember specific positive feedback someone told me about my music making.
	I cannot be better at my piece(s) for this audition than I am right now.
	I need to trust that the person (people) auditioning me will hear what I have to offer.
	I will be nervous and I can use that energy instead of being scared by it.
	I will not make excuses.
	No one wants me to do poorly. I need to be confident.
	I will be polite and gracious during my audition.
	I will enjoy the opportunity to make music for someone new.
	I know that mistakes will happen and that all I need to do is keep going when they do.
	I understand that my audition result is a subjective decision.
	I understand that not every part/spot is the right fit for me or for them.
	I will reward myself for taking this risk after the audition.
	I am more than this single audition.
	If I don't do well in this audition, I know that there will be other opportunities.
	My only job right now is to go in there and make music!
