OVERVIEW OF NAFME/LIBRARY OF CONGRESS RESPONDING UNITS

These units are based on the 2014 Music Standards (nafme.org/standards). These standards are focused on music literacy, and emphasize conceptual understanding in areas that reflect the actual processes in which musicians/artists engage. They are engineered to cultivate a student’s ability to carry out the three **Artistic Processes: Creating, Performing, and Responding** while aligning with the ideal of Connecting to their world and the world around them. These are the processes that musicians/artists have followed for generations and are the vehicle for musicians/artists connecting to the world around them.

This Library of Congress Teaching with Primary Sources (TPS) Unit is aligned with the Artistic Processes of (1) **Responding**, defined as understanding and evaluating how music conveys meaning, (2) **Creating**, the application of musical concepts to develop original musical ideas, (3) **Performing**, defined as the rehearsal, refinement, presentation, and evaluation of created works, and (4) **Connecting**, the synthesis and relation of knowledge and personal and group experiences to make music. Through application of inquiry-based instructional strategies linked to essential questions embedded in the Responding and Creating Process components (Select, Analyze, Interpret, Evaluate/Imagine, Plan and Make, Revise and Evaluate, Present), students will understand and practice how creators manipulate the elements of music to convey expressive intent related to specific contexts (social, cultural, historical).

OVERVIEW OF SYNTHESIZING CREATING, PERFORMING, & CONNECTING THROUGH SMALL INSTRUMENTAL ENSEMBLES, ACCOMPLISHED

This unit aligns with the Accomplished Level standards and assumes students have completed an equivalent of 7–8 years of study in an ensemble in addition to core or general music. This unit has been developed in conjunction with the Small Ensembles Intermediate unit, which can be used to scaffold instruction for varied levels of learning. The instrumentation of the small ensembles is flexible and designed to allow for any combination of musicians. This unit is suitable for instruction in multiple delivery methods (in-person, hybrid, online). Students will learn about and interact with the concepts of underrepresentation, dominant and counter narratives, bias, and perspective. The introduction of these concepts depends on the presumption that the typical access point for learning music in class is reading Western music staff notation.

ESSENTIAL READINESS ACTIVITIES

- Students complete a Pre-assessment.
- Students complete “Personal and Social Identity Wheels.”
- Teacher assigns groups and determines any preferred collaboration protocols to be used throughout the unit. “Student Ensemble Learning Communities” or “SELCs” are established and students review collaboration protocols.
- The rest of the activities in the unit are done in SELCs.

LESSON 1: IDENTITIES AND INTERACTIONS WITH — MUSIC CONNECT, RESPOND, COLLABORATE

- Learn about Folklife.
- Explore, connect and apply the concepts of underrepresentation, dominant/counter narratives, bias and perspective through the lens of interactions with music in and outside of the classroom.
- Explore group commonalities and assets that each member brings to the table.

LESSON 2: EXPLORATION AND INSPIRATION — EXPLORE, ANALYZE, IMAGINE AND PLAN

- Explore Library of Congress primary source artifacts to find inspiration for a collaborative composition.
- SELCs generate ideas and make a preliminary composition outline.

LESSON 3: CREATION LAB—WHERE THE MAGIC HAPPENS! COMPOSE, REFINE, CAPTURE

- SELCs compose a piece inspired by a Library of Congress artifact and their group vision.
- Rehearse, refine and assess readiness to convey expressive intent.

LESSON 4: SHOWTIME! SHARE YOUR STORY! PRESENT, EVALUATE, RESPOND AND REFLECT

- Each group performs/presents their composition and shares their process.
- Teacher and other listening/responding SELCs provide feedback.
- Each group and individual performs a self-assessment and considers this along with peer and teacher feedback to plan next steps for their composition.
- Students complete Post-assessment, reflecting on learning and interactions with music.

PREREQUISITE KNOWLEDGE AND SKILLS

For students to be successful in the unit they will need prior knowledge and experiences in the following:

- Knowledge of music notation, and the clear understanding that this unit purposely asks students to use methods *other than* Western staff notation to capture and convey their creative output.
- Knowledge and comprehension of music terminology:
 - **Music Elements:** rhythm, pitch, melody and melodic shape, harmony, form, dynamics, timbre, texture, style.
 - **Compositional and Songwriting Techniques:** tension/release, repetition, unity/variety, balance, intro/outro, verses/chorus, melodic themes, call-and- response, background, layout.
 - **Expressive Characteristics:** tempo, articulation.
 - **Context** in music composition.
 - Basic understanding of simple **chord progressions and/or consonance and dissonance.**
- Knowledge of comparing and contrasting using a Venn diagram.
- Performance ability commensurate with learning grade 3-5 instrumental ensemble repertoire.
- Inquiry Processes.
- Students need to be familiar with effective structures for collaborative learning (*e.g., talking chips, question/sentence frames, Socratic seminar, modeling conversations, assigning roles, coming to a consensus*).
- Knowledge and skills in utilizing various tech devices for recording, and various tech/music collaboration platforms for communicating/composing.

EMBEDDED INQUIRY MODELS

In various activities contained in this unit, students are asked to use inquiry to explore, generate ideas, and question. A modified Primary Source Analysis (Observe, Reflect, Question) model has been incorporated into the lessons, activities, and assessments.

ASSESSMENTS

Formative and summative written and performance assessments are embedded throughout the unit and include aligned rubrics.

The Pre- and Post-assessment are intended to provide the teacher and student with a means to gauge learning, transfer and growth in the unit and are not necessarily intended for grading purposes.

The lessons are additionally embedded with opportunities for students to respond in varied ways. These responses can be used during the lesson to inform instruction.

The **National Association for Music Education Creating, Performing, and Responding Model Cornerstone Assessments and Rubrics** have been modified, referenced and/or extracted verbatim for some of the worksheets and rubrics throughout the unit.

ESSENTIAL READINESS ACTIVITIES

SEQUENCE/STEPS:

- Students complete **Handout 1**
- Students complete the inclusivity tasks **“Personal and Social Identity Wheels”** to facilitate conversations within the Small Ensemble Learning Communities.
- Students need to be familiar with structures which support effective collaboration to ensure all members contribute and provide perspective (e.g. talking chips, question/sentence frames, Socratic seminar, roles, coming to a consensus).
- Students should be grouped into Small Ensemble Learning Communities (SELG) noting that most work will be completed by students as a collaborative unit.

ABOUT INCLUSIVITY ACTIVITIES: CITING SOURCE AND INFORMATION

- The teacher should choose any of the activities which they feel best suits the needs of their students and supports the culture and communities in their own classrooms. The **“Personal Identity and Social Identity Wheel”** activities are adapted from **“Voices of Discovery”** Intergroup Relations Center, Arizona State University, and can be found along with additional inclusivity activities at the University of Michigan College of Literature, Science, and the Arts Inclusive Teaching website <https://sites.lsa.umich.edu/inclusive-teaching/activity-main-page/>. Using the personal identity wheel may be a low risk way to begin conversations, and for your classroom purposes may be enough. The facilitation notes on the activities pages note that students should self-select the information they choose to share and teachers should guide focus on the questions in the center of the wheels to facilitate inclusivity versus outing conversations. For more specificity and guidance on these specific activities or to consider others which may meet your needs please reference the Inclusive Teaching at University of Michigan Website.

LESSON 1

IDENTITIES AND INTERACTIONS WITH MUSIC—CONNECT, RESPOND, COLLABORATE

Standards: MU:Re7.1.E.IIa; MU:Re9.1.E.IIa; MU:Cn10.0.H.11a

Objective: Students consider commonalities and assets to inform group identity and collaborate with SELC to consider how they might convey the music they create without using Western staff notation.

SEQUENCE/STEPS:

Part 1. What is Folklife? Jigsaw/Gallery Walk.

I CAN explain conventions of folklife and discuss how a genre of music is conveyed.

*Students are assigned to Small Ensemble Learning Communities (SELCS) for unit work. All activities in the unit will be completed in SELC unless otherwise indicated.

- Divide the readings/links among your class based on the number of SELCS.
- Students further divide assigned reading among their SELC members.
- Students answer guided questions about the readings and discuss as a SELC.
- *Optional Extension* Use the “Discussion/Question Bank” below to enrich discussions.
- Students collect SELC responses on chart paper or use a collaborative app like padlet.
- SELCS read another groups chart/padlet and leave comments/questions before rotating.
- Teacher facilitates and clarifies understandings.

Part 2. Connecting concepts with schema and perspective.

I CAN use underrepresentation, perspective, dominant and counter narrative when comparing and contrasting how music is conveyed inside and outside the classroom.

- Distribute **Handout 1.1** and return completed **Handout 1**.
- Assign roles for SELCS (e.g., Timekeeper, Scribe, Facilitator, Speaker of the House).
- SELCS compare and contrast characteristics of the music they interact with inside and outside of the classroom and the scribe records on the group’s worksheet.
- Each SELC Speaker of the House shares their group’s work with the class.
- Capture similarities/differences from groups’ responses on chart paper/padlet.
- Teach the terms: underrepresentation, perspective, dominant and counter narrative, bias to ensure common understanding (e.g., word wall, post definitions).
- Build comprehension of concepts through presenting the idea that Western staff notation is the dominant narrative in the classroom and aurally conveying music in the classroom is underrepresented and the counter narrative.
- *Optional Extension* Use the “Discussion/Question Bank” below to enrich discussions as students consider perspective, bias and context.
- SELCs each provide an example for each term in **Handout 1.1**

Part 3. Personal/Social Identity Wheels and Vision

I CAN identify commonalities and assets amongst members to inform group perspectives.

- Distribute **Handout 1.2** and students refer to completed **Personal Identity Wheels**.
- Explain and read and the purpose and directions for the **Handout 1.2**.
- Teach a collaborative protocol to support equal participation and assign roles (e.g. *Secretary, Timekeeper, Facilitator, Summarizer, Speaker of the House*).
- Students use structure to share responses from their pre filled out **Personal Identity Wheel**. *Have students pay special attention to the three adjectives in the center to build their story of who they are as a community.*
- Scribe records one thing that makes each person unique (*community assets*) and records the greatest similarities (*commonalities*) of the group.
- Students use a collaborative protocol allowing them to “share” or “pass” their responses to questions 1, 2 or 3 only found in the center of their **Social Identity Wheel**.
- and scribe records shared perspectives.
- Students create their vision statements including their Why, What and How.

Considerations:

- The Folklife links build background knowledge in general as well as provide focus on how the music is conveyed.
- The teacher should preview all links, activities, and worksheets for appropriateness and alignment to the needs of their own classroom.
- During this portion of the lesson, address misconceptions. Students should understand the concept of Folklife includes more than just music.
- Students should also make connections to music which they interact with outside of the classroom to support conceptual understanding.

Folklife Links:

- Teacher Link: *provides further research to build context for teaching.*

<https://festival.si.edu/>

Discussion/Question Bank:

- How has your life been shaped by your perspective? your identity?
- How do you currently access the music you want to play?
- Does this differ depending on the music you're learning about?
- When does your thinking/perspective represent the dominant or counter narrative?
(e.g., consider varied settings in and outside of the classroom)
- Does context affect the concept of underrepresentation? How/why?
- What bias might you have about notation?

HANDOUT 1.2: VISION, PAGE 1

SELC Members/Roles: _____

Purpose:

Talking about each other's Personal Identity and Social Identity wheels allows you to get to know more about folks in your SELC. This will support community building and inform your own group's identity and focus for this project.

Communities and cultures share similarities but also celebrate unique assets that members bring. In this activity you will be considering similarities and assets to support the building of your story and perspective.

DISCUSS/SHARE/COLLABORATE

Personal Identity Wheel: *(this helps folks get to know about how you identify as an individual)*

- Share responses amongst the group using a collaboration protocol to ensure equal participation and perspectives *(Pay special attention to the three adjectives in the center as these may help you build your story of who you are as a community)*.
- Scribe records one thing that makes each person unique (community assets) and records the greatest similarities (commonalities) of the group.

Social Identity Wheel: *(this provides perspective about groups individuals identify with)*

- Use a collaborative protocol for each member to either "share" or "pass" to questions 1, 2 or 3 only (found in the center of your **Social Identity Wheel**).
- Scribe records shared perspectives.

HANDOUT 1.2: VISION, PAGE 2

SELC Members/Roles: _____

“Why” statement: What unites you as an SELC? (Consider your community commonalities.)

“What” sets your SELC apart from others? (Consider your community’s assets.)

“How” will your SELC learn, capture, and convey the music you create as an ensemble without notation?

Create your SELC vision

In the space below capture a vision statement which includes your SELC Why, What and How.

SEQUENCE/STEPS:

Part 1: Library of Congress Artifacts and Inquiry Method

I CAN use an inquiry method to interact with Library of Congress primary source artifacts.

- Distribute both **Handout 2.1** and **2.2**. Read the directions and review group roles/norms.
- Each SELC explores/listens to at least 3 artifacts, makes observations and scribe collects these in part 1 of the **Handout 2.2**.

- Teach or have students decide upon strategies for coming to a consensus.
- SELC complete part 2 of **Handout 2.2**. *Students can observe non-music artifacts but must ultimately include at least one music artifact for their inspiration.*
- Students complete part 3 of **Handout 2.2**.

Part 2: Imagine and Preliminary Planning.

I CAN collaborate with SELC to make preliminary project plans.

- Model components necessary for considering aural song making (e.g. structure, forms, repetition/patterns, range etc.)
- Distribute **Handout 2.3**. Facilitate collaboration and provide feedback.

DISCUSSION/QUESTION BANK:

- Is there an opportunity to use your knowledge from Lesson 1?
- What do you know about the context of your artifact?
- What do you believe would be the dominant/counter narrative in this situation? Why?
- What underrepresentation might exist? Why?

Directions and Information:

- Continue to collaborate with your SELC to explore these Library of Congress resources.
- Your group may find a recording of a piece or song to arrange, or you may encounter an artifact (such as a picture, video, or historical document) that gives you inspiration for composing your own song/ piece.
- As you explore artifacts your knowledge of underrepresentation, dominant/counter narrative, bias and perspective in group discussion may arise.

LESSON 3

CREATION LAB—WHERE THE MAGIC HAPPENS! COMPOSE, REFINE, CAPTURE

Standards: MU:Cr2.1.E.IIa MU:Cr2.1.E.IIa MU:Cr3.1.E.IIa; MU:Pr4.2.E.11a; MU:Pr5.3.E.IIa; MU:Re7.2.E.IIa; MU:Re8.1.E.IIa; MU:Cn10.0.H.IIa

Objective: Students collaborate with SELC to plan, make, rehearse and refine their composition including music characteristics inspired by selected artifact(s).

SEQUENCE/STEPS:

Part 1: Brainstorming from Inspiration

I CAN draw inspiration from an artifact to imagine, plan and create a short composition.

- Distribute completed Lesson 2 **Handouts 2.2** and **2.3** for students review.
- Distribute **Handout 3.1**. Students collaborate on their plan.
- *Optional Scaffold* Teach strategies for creating strong melodic ideas (e.g. limited pitch set and using patterns, accessible) using a well-known melody such as “Mary Had a Little Lamb”
- Students improvise sample ideas using strategies for strong melodies
- Teacher demonstrates by combining simple tunes (e.g., “Mary Had a Little Lamb,” “Skip to my Lou”) to demonstrate how to compose simple song forms (e.g., ABA or beginning/middle/end)
- Distribute **Handout 3.2**. SELC brainstorm musical elements considering their chosen Library of Congress inspiration artifact from Lesson 2.

Part 2: Rehearse, Refine, Capture

I CAN use musical aspects to convey expressive intent and rehearse, refine and gauge readiness for presentation.

- Teach the composition-building process using your own example or utilize/distribute **Optional Handout 3a**.
- Distribute **Handout 3.3**. SELC complete considering their chosen Library of Congress inspiration artifact and brainstormed ideas. This graphic organizer is a living document to be utilized/ revised throughout this lesson.
- *Optional Extension/Scaffold* Distribute and/or use as needed **Handout 3b** to support foundational knowledge or challenge students.
- Discuss timeline and instructions/expectations and distribute **Handout 3.4**. Students rehearse, evaluate and refine their composition and use their rehearsal log to make notes and to reflect upon readiness for presentation. This log is a living document to be utilized/revised throughout this lesson.
- *Optional Scaffold* Direct instruction may be necessary if students are unfamiliar with the online collaboration platform (e.g., BandLab, Audacity)
- Distribute **Handout 3.5**. SELC records a draft and submits for teacher feedback.
- SELC continues the composition revision process and submits final for teacher feedback.

- SELC rehearses their presentations. Prompt students as needed to ensure their final presentations include all members voices and an overview of process (e.g., vision, collaboration, inspiration link, musical intent, plan) as well as product.

Considerations:

- The teacher's role will be primarily to facilitate learning (e.g., providing work time and feedback, answering questions, and prompting forward momentum toward goals).
- This activity will take several days. The teacher may increase the time allotted to this lesson based on instructional planning or focus as best suits the needs of the class.

LESSON 4

SHOWTIME! SHARE YOUR STORY! PRESENT, EVALUATE, RESPOND AND REFLECT

Standards: MU:Cr1.1.E.11a; MU:Cr2.1.E.11a; MU:Cr2.1.E.11b; MU:Cr3.2.E.11a; MU:Pr4.3.E.11a; MU:Pr6.1.E.11a; MU:Pr6.1.E.11b; MU:Re7.1.E.11a; MU:Re7.2.E.11a; MU:Re8.1.E.11a; MU:Re9.1.E.11a; MU:Cn10.0.H.11a

Lesson Objective: Students present SELC culminating product and process, teach aspects of their creation to others, reflect upon peer and teacher feedback and evaluation to plan next steps.

SEQUENCE/STEPS:

Part 1: Present/Respond

I CAN present our SELC culminating product and process.

I CAN identify music characteristics which convey expressive intent and provide feedback aligned to project goals.

- Decide the order of the SELC presentations and distribute **Handout 4.1** to Responding SELC.
- The Performing SELC shares **only** their product **without** sharing any process (*e.g. introduction regarding inspiration, title, vision, or expressive intent*).
- Responding SELC complete Part 1 of **Handout 4.1**.
- Performing SELC then shares their process.
- Responding SELC complete Part 2 of **Handout 4.1**.

Part 2 *OPTIONAL EXTENSION* Living Folklife

I CAN teach and share my music with others without using notation.

- Mix your students into new groups (*e.g. number students off in each SELC then call all the 1's and 2's from all of the SELC to rotate and have the other members stay*).
- Students in their new groups spend time interacting and learning bits of each others' pieces, sharing new perspectives and ideas. *This time is devoted for feedback, teaching, revisiting and/or refreshing pieces in an authentic collaborative "folklife" group where ideas are shared without using notation.*
- Each individual student fills out an **Optional Handout 4.a**. This informal log is a "conversation starter" and not intended to be assessed. Its purpose is to allow students to engage in "oral tradition."

Part 3: Reflect: Reflection, Feedback and Next Steps Form/Post-assessment

I CAN reflect on feedback from my teacher, self, and others to inform and plan next steps.

I CAN consider the impact of the project on perspective, collaboration, inclusivity, and the way I will interact with music inside and outside of the class as a result.

- Distribute **Handout 4.2**. Performing SELC complete Part 1.
- Teacher distributes **Summative Assessment Rubric** and completed **Handout 4.2** to the Performing SELC.

- Performing SELC complete “Part 2 and “Part 3” of **Handout 4.2**.
- Distribute **Handout 4.3** to each individual student.

Considerations:

- Performances can take any form that the teacher chooses (done in class, done at a concert on stage, done digitally in “virtual ensemble” format)
- Based upon the size of your class and depth of discussions, interpretations, and collaborations these activities will likely take a period of days.
- Before performances start or are shown to the class, decide how much feedback you want your students to give/receive. Students can perform and respond to all performances or can be broken into SELC performing/responding pairs to consolidate.
- Teacher Summative Rubrics and Responding SELC **Handout 4.2 Peer Performance Feedback** need to be completed/collected prior to starting Part 3.

Lesson 4 Context:

- The first activity replicates folklife **performances**. This activity will include a structure to support engagement as this listener as well as the performer.
- The second activity replicates folklife **workshops/jam sessions**. This activity will include collaborative structures for students to interact with others’ pieces as they invite new members into their groups and use new perspectives to inform refinement, revisions and/or new versions of their pieces.
- The third activity replicates folklife **fellowship reflection and planning**. Questions provided support consideration of continued growth, transfer and lifelong learning.

HANDOUT 1.2: VISION, PAGE 1

SELC Members/Roles: _____

Purpose:

Talking about each other's Personal Identity and Social Identity wheels allows you to get to know more about folks in your SELC. This will support community building and inform your own group's identity and focus for this project.

Communities and cultures share similarities but also celebrate unique assets that members bring. In this activity you will be considering similarities and assets to support the building of your story and perspective.

DISCUSS/SHARE/COLLABORATE

Personal Identity Wheel: *(this helps folks get to know about how you identify as an individual)*

- Share responses amongst the group using a collaboration protocol to ensure equal participation and perspectives *(Pay special attention to the three adjectives in the center as these may help you build your story of who you are as a community)*.
- Scribe records one thing that makes each person unique (community assets) and records the greatest similarities (commonalities) of the group.

Social Identity Wheel: *(this provides perspective about groups individuals identify with)*

- Use a collaborative protocol for each member to either "share" or "pass" to questions 1, 2, or 3 only (found in the center of your **Social Identity Wheel**).
- Scribe records shared perspectives.

HANDOUT 1.2: VISION, PAGE 2

SELC Members/Roles: _____

“Why” statement: What unites you as an SELC? (Consider your community commonalities.)

“What” sets your SELC apart from others? (Consider your community’s assets.)

“How” will your SELC learn, capture, and convey the music you create as an ensemble without notation?

Create your SELC vision

In the space below capture a vision statement which includes your SELC Why, What and How.
