Take Time for Fun

Music and Lyrics by Francisco J. Núñez

Written for American Young Voices

I wrote *Take Time for Fun* during the time when we are living in a topsy turvy world. We must remind ourselves to take care and make sure we make time for fun.

The singers should make up a hand clapping game as they sing. And they can use a low drum or djembe and/or a shaker. The piano is optional and the bass part (left hand) can be replaced with boom whackers.

Have fun!

LYRICS

Take time for 1 and take time for 2 and 3.
Take time for 4 and take time for 5.
Take time to play and take time to be and see.
Make time and take time for fun.
Sing a song about the weather.
Make time and take time for fun.
Sing a song and share together.
Make time and take time for fun.
